357 Squadron RAF

A Record of Their Operations in SEAC February to December, 1944

Transcriptions of records from the National Archives, Kew, England Air27 1760

Compiled by R. G. Quirk

Notes:

This is a preliminary transcription.

There are errors in it, especially where the microfilm was difficult to read.

The "?" symbol is used where the film was unclear or where the transcript is suspect.

Names and initials are always a problem in transcribing these record. Not only is it difficult to read the copies and discern an "F" from a "P", but the records themselves are not consistent. In addition, most of the 357 records for this period were hand written, which can cause additional problems in transcribing.

			A. Ogilvie (2nd Wop) 537086 F/S. J. Wilkinson (Despatcher).
			The details of this crash were not established but it is believed that one engine
	B.A. 4 = /4 =		was giving trouble over the D.Z. & that aircraft crashed into hillside.
	Mar 15/16		F/O. O. S. Shave on "Dilwyn XI";- F/L J. A. King, D.F.C. on "Dilwyn XI" in
			Hudson aircraft were both successful although weather conditions over the
	Man 40		dropping zone were poor.
	Mar 16		News was received that the Hudson containing F/O. W. Prosser & crew had
			crashed on the night of the 14/15 March & that 4 of the crew were killed & the
			remaining 2 who were seriously injured required urgent medical assistance. As
			the C.O. Wing Commander J. R. Moore was away at Digri & F/L. J. C. S.
			Ponsford was in the crashed aircraft, F/L. J. A. King, D.F.C. assumed command
]	of the establishment. F/L Carr, No 117 Squadron Medical Officer was heard to

		have made a negative descent on a marilana accessor but all affaire to a section
		have made a parachute descent on a previous occasion but all efforts to contact him were unsuccessful: H.Q. S.E.A.C. had given their consent to such an operation when at 1500 hours Wing Commander J. R. Moore arrived from Digri & assumed command. F/L G. D. Graham Medical Officer for the Squadron arrived also & despite the fact that he had only been on the squadron for a few days & had never made a parachute descent, on receipt of the news immediately volunteered to be dropped at the scene by parachute. At late the operation was arranged:- F/L. J. A. King, D.F.C. (Pilot) P/O A. J. Floyd, D.F.C. (Nav) Sgt. B. Booker & Sgt. H. Lindley (Wags) despite the fact that they been on
		operations the two previous nights, volunteered to fly the M.O. to the scene of the crash. F/S. T. E. White a fully qualified parachute jumping instructor who had also been on operations the two previous nights volunteered to accompany the M.O. to assist him to identify the deceased. The aircraft left Dum-Dum at 23.40 hours for Chittagong where it was refuelled & the mission set off from there at 03.15 hours "Sumers????? was the order of the day."
	Mar 17	A signal was received from "Boffin" that F/L G. D. Graham & F/S "Chalky" White had both landed safely. That was good news but there was also dad news as only F/O. W. Prosser was alive: F/L J. C. S. Ponsford had died at 10.25 hours in the morning of the 15th March.
	Mar 18	A signal was received from "Boffin" stating that F/O W. Prosser could not be moved for at least 4 days:- (also F/L G. D. Graham's report on "Rescue Mission")

A/C Accident Hudson AM949 Evacuation of Survivor

Sir.

I have the honour to submit a report on the above:

The dropping area was reached at 05.45 hrs 17/3/44, just as dawn was breaking, and ground signal was seen. Dropping then proceeded, 1st pack, self, F/Sgt White, 2nd pack, tin that order. All landed successfully, which was due to the skill and instructions of F/L King. – Pilot – and F/Sgt Whit??? – Paratroop instructor.

The party was met on the ground by Kokang guerillas, dressed in blue uniforms under the control of Col. Yang Wan Sang. Mule transport was provided and a guerilla escort, and after 1 hour journey to the North, the scene of the accident was reached 2 ½ miles N. of S.-S, and ½ mile W. of Nam Po Ko village. At a mountain hut directly opposite the crash, the last survivor, F/O Prosser was found and contact established with Major Leitch and Lt Parsons U.S. Forces. These officers had rendered extremely efficient first aid and organised shelter, food and guerilla service. We were informed that the other survivor of the crash, F/L Ponsford, had died of his injuries at 1000 hour 15/3/44 before they had been able to arrive, as they were not aware of the accident until 1900 hours 15/3/44. Also the aircraft and personal property of the crew had been looted by natives.

The patient was immediately examined on arrival and found to be in a comatose condition and suffering from a fractured skull, lacerations of forehead and face, and multiple fractures of R. ankle. There was also fever, due to infection of his wounds. Treatment was instituted. In this Major Leitch, Lt. Parsons and F/Sgt White gave all possible help, maintaining a 24 hour watch. After 3 days there was some improvement in his condition, but this was followed by a relapse. Capt. Hockman, U.S. Medical Officer stationed at T Etang arrived on the evening of the 20th Mar. having journeyed 5 days south by mule, in response to the signal received from Major Leitch on 15/3/44. I invited him to remain and to a great extent the ultimate recovery of the patient was due to his help.

The wrecked aircraft was examined, and the following points noted: It was lying nearly horizontal on the top of a ridge below the main crest at the S.W. and closed end of the Nam Po Ko valley at a height of approx. 4,600 ft. Prior to crashing, it had turned sharply to port, from 270 to 225, to avoid the crest of 6000 ft., it then struck several trees on a lower ridge with the outer part of the mainplanes, the outer part of the starboard wing being ripped off and finally the nose of the aircraft struck the summit of the ridge and the machine came to rest. Scallop marks on the ground showed where port propeller had struck. None found for the starboard engine. The port engine was hurled into the valley below, the starboard engine was pushed underneath the mainplane. Forward of the W/Op cabin the a/C was entirely wrecked. The port mainplane had been pushed into the despatch compartment and the floor thrust upwards. The rest of the a/c and rear gun turret was relatively undamaged. There was no sign of fire and little smell of petrol.

Salvage

The few remaining personal belongings of the crew were handed to me by Major Leitch.

Wireless sets had already been removed and were handed over to a British Unit further N. No trace of an I.F.F. set could be found. Guns and ammunition were taken by the same unit.

All serviceable a/c instruments were brought out.

3 wheel tyres remain but could not be salvaged owing to weight.

The Journey Out.

28th March '44

Received a report from guerillas that a Jap force of 200 had crossed river at Kunlong south of us and were advancing N.E. Approx. 4 hours away. Party packed ready for evacuation, but in view of patients condition it was decided not to leave until more definite news was received. Major Leitch advised immediate departure.

30th March

further message received to say Jap force had increased to 400.

31st March

A vague report come in of a Jap attempt to cross the river 30 miles North. Major Leitch engaged for the party:-12 coolies to carry the litter.

- 4 baggage and 3 riding mules,
- 1 Guerilla
- 2 Chinese army men.
- 2 muleteers.

1st April '44

1400 hours it was decided to depart to E. as the coolies supply might deteriorate rapidly, even though there had been rain fo r48 hours and it was not possible to ride. Food supply for 4 men for 7 days was carried.

The tracks were bad, and the baggage mules, rolled downhill several times, carrying one or two men with them. After 3 hours march, stayed the night at Pahntang, all personnel wet and covered with mud.

2nd April

8 hours march made to Ma-Ung-Sang direction generally to the N.E. The Burma-China border was crossed. The going was much improved, as the weather had lifted and the track widened. Food was scarce and natives few in number as soon as the border was cross. The Sheriffs house was very dirty and a den of Opium smokers, and the Sheriff and his personnel looked very unreliable, and were not friendly. No trouble was experienced as the party was ostentatiously armed, and one white remained on guard all night.

3rd April

Nine hours mule ride brought the party to Meng Peng. No villages were passed during the day, and the country appeared to be deserted. Two steep passes were crossed. The night was passed without incident in the village schoolroom. Food was scarce and too expensive to buy \$ 5,000 for a meal for 4 (Rs100).

4th April

Journeyed 4 hours to Er Tai Pu where we sere supposed to engage fresh coolies and mules. This was a Chinese Army Post. There were plenty of soldiers available, but no sign of coolies or mules, and no one was willing to help On the other hand the Kokang coolies etc, resolutely refused at first, to go any further from home, being afraid of conscription into Chinese Army. After some argument, and increase of pay and a drink of Rum and some asprins, they agreed to continue to Meng Bawn. A high pass of approx. 6,000 ft, was crossed and Meng Bawn entered after 9 hours total journey. It was noted that the aviation map and Zoot Suit maps were very inaccurate.

5th April

Fresh coolies and mules were engaged. The Kokang personnel departed rapidly the minute they were paid, as they are not on friendly terms with the Chinese Army and this was a regimental H.Q.

One high pass crossed today, and the descent made to the fertile valley of Tetang – the first we had seen. Americans post entered at 1800 hours and Col. Albin contacted. He did everything possible to make the party comfortable.

6th April

One day of rest was taken here. Prosser became rational, but could remember nothing of the journey. Capt. Hockmann, who had been acting as interpreter, left us here, as this was his base.

7th April

Set out with fresh coolies etc. and reached Cheng Kaung Ba without incident. 6 hours.

8th April

The coolies who had been engaged for 2 days deserted in the night, as the Americans had paid them in advance. Four hours of the morning was wasted trying to get 12 coolies. Eventuall the Sheriff collected 4, and promised another 4 to follow later. Set out with 4, sent White ahead with baggage to bring fresh coolies when he reached our night's destination, Mangway; left the Chinese interpreter behind to bring up 2nd four coolies. 3 hours later, was overtaken by interpreter to say that no further coolies could be found. Diverted from main track to village in distance in hope of rounding up some men. Despatched interpreter to another village as coolies were now in an exhausted condition and lying on the ground owing to the heat. After 1 hour, there being no reply, I issued a benzedrine tablet to each men, and forced them to carry the litter to the river, so that the patient might be cooled, as he was showing signs of heat exhaustion. This was done and a neighbouring Chinese Army section post reached (Mengteba) after 5 hours argument, 2 fresh soldiers were engaged, and the patient and coolies fed. It was now 2200 hours, and quite cool. As White would now be on his way back from Mengway, I decided to get back onto main track and continue journey. This was done and Mengway was entered at 01.30 hours, 8/8/44¹ and White contacted. He had marched back for three hours descending some 5,000 ft. waited another 2 hours and reclimbed the pass. Lt. Warren U.S. Army, engaged Chinese soldiers and mules for us and journey to Ypankai of 7 hours passed without incident. 8/4/44 Col. Albin of U.S. Army, fed and refreshed the party and provided 10 Chinese soldiers and mules.

9th April

Departed 9/4/44 for Gypai. There was a considerable amount of climbing this day, 7,00 ft (?) and in the evening after 9 hours, it transpired that we had by-passed Gypai and the soldiers were unwilling to carry the litter back up the mountain. They were drawn back at the point of the revolver, and Gypai was found.

11th April

Another day of hard climbing and a pass of 7,000 ft. crossed. At this point a storm overtook the party, and the weather was somewhat cold. After 7 hours Shunning was entered at 17.30 hours and the American H.Q. there under Major McMorrogh, refreshed, cleaned, fed, and refitted the party. The jeep road had now been reached.

12th April

Rested. Despatched signal to 231 Group, O.C. 357 Squadron.

13th April

Transported in Weapons Carrier to Yunshin stayed at the 22 Field Hospital.

14th April

Transported 120 miles (10 hours journey) across 2 ranges and the Mekong river to Medu. 22nd Field H.Q. Hospital, similar hospitality.

15th April

Easy journey on Burma road to Yunnanyi Airfield, contacted U.S.A.A.F. Air Transport Command. They had no knowledge of our requirements, but promised Air transport to India the next day.

¹ 8/8/44 is typed in the document, but probably should be 8/4/44.

16th April

Emplaned C 46. Weather closed down. Aircraft landing gear failed to retract, and patient became collapsed and airsick, despite oxygen. Aircraft returned to Kumming. Patient and party refreshed and accommodated by Major Brickle O.C. Station Hospital.

17 April

Emplaned 0745 C 46. Disemplaned Chabua 1100 hours. Emplaned DC 3. 1330 hours. Disemplaned Dum Dum 18.30 hours. Patient taken to 47 B.G.H. and admitted in good condition. Party reported to H.Q Hazrah Road, 20.00 hours.

Throughout this journey F/Sgt White rendered praiseworthy service in looking after the patient, organised coolies, etc.

I am Sir,

Your obedient servant,

Signed; G. D. Graham, F/Lt.

357 Squadron

Aircraft type and No.	Crew	Duty	Time up	Time Down	Remarks
	4/5th April 1944				
Liberator III Y/357	F/O Brand (Capt)	Armor	04/1810 Digri	05/1630 Digri	This operation was successful. Target was 15° 53' N 99° 29' E. The weather
	F/Sgt Bain				was fair with odd patches of cloud. The
	F/Sgt Piggott				A/C arrived over the DZ area at 0010 hrs
	F/O Titterington				and in one run dropped 3 men and 5
	P/O Buchanan				containers, all chutes were seen to open correctly. The pilot suggested that the maximum length of the static line should be 15 ft. After dropping the flaps of the A/C would not retract. A cover raid was seen at the mouth of the Sittang river at approx. 2200 hrs. The conducting officer was entirely satisfied with the operation.
	Sgt Nelson				
	Sgt Allen				
	P/O Van Patter				
	Sgt Harvey				
	5/6th April 1944				
Hudson III "B"	P/O Churchill (Cap)	Spiers VII	1897 at Dum- Dum	0230 at Alipore	This operation unsuccessful. Target was Bhamo area. The weather was fair to fine but there were electrical thunderstorms and 10/10 cu cloud over the DZ area, so pilot was unable to locate the DZ. A/C then set course for base.
	W/O Hough				
	W/O Emery				
	Sgt Newham				
	F/Sgt Clapp				
Liberator III "Z" BZ956	F/O Moreland (Capt)	Aggressive	050730 at Digri	051050 At Chabua	This operation was unsuccessful. Target was Tourane area. This A/C was detailed to carry out the operation from Kunming.
	Sgt Coles		051545 at Chabua	041815 at Fort Hertz	It left Digri at 05/0730 and arrived at Chabau at 05/1050 where it was to be briefed by the Americans for the flight to
	Sgt Quin		101350 at Fort Hertz	101530 at Chabua	Kunming. After briefing the A/C left Chabua at 05/1545 hrs and set course for Kunming, at 1700 hrs the A/C ran in
	F/O Gardiner		190950 at Chabua	191330 at Digri	very heavy weather and icing conditions at 11,000 ft. after this the weather was very bad and each time the Captain tried
	F/Sgt Hoare				to climb through the clouds the A/C was
	Sgt Masters				thrown into a spin. This happened three
	Sgt Harris				times so the pilot then decided the A/C
	Sgt Daglish				was trapped and that he would have to make a forced landing in the valley.
	Sgt Longman				Fortunately at 1745 hrs a landing ground
	Sgt Fowler				1 ortaliatory at 1740 files a landing ground

	Sgt Edwards				was sighted in the valley and at 1815 hrs
	Cpl McCairns		+		the A/C landed at Fort Hertz. From here
					the operation was abandoned owing to
	F/O McGregor				
					the short length of the runway (800 yds).
					The A/C had to be stripped of guns,
					tanks and accessories to attempt take-
					off. The A/C took off from Fort Hertz at
					1350 hrs on the 10/4/44 and landed at
					Chabua at 1530 hrs. Eventually the guns,
					tanks, and accessories were refitted at
					Chabua and the A/C took off at 0950 hrs
					19/4/44 and landed at Digri at 1330 hrs.
Liberator	Sgt Sullivan (Capt)	See	050730	051100 at	This A/C failed to arrive at its destination.
III "X"		Remarks	at Digri	Chabua	Its duty was to ferry petrol to Kunming to
BZ952					refuel A/C BZ956. The captain was
	Sgt Graham		051550		briefed with F/O Moreland by the
			at		Americans at Chabua. The A/C was last
			Chabua		seen by F/O Moreland in flight approx
	Sgt Vanes				1600 hrs. A report was received from
	Sgt Ridley				Kunming that Chinese had identified a
	Sgt Rutter				burnt out British bombe A/C and that
	Sgt Unsworth				there were 8 dead in the wreck and no
	Sgt Dunn				survivors. The Chinese buried the
	Sgt Hughes				remains. The approx co-ordinate was
	Cpl Dugdale				27°20'N 103°45'E. The nearest airfield
	Opi Dagaalo				was Choatung approx 6 miles away.
					Further details are awaited as there were
					13 men in the A/C and only 8 have been
					accounted for.

III "B"	(Capt)	Bailin	Dum- Dum	Dum-Dum	dropped at 0345 hrs. for Buffin, S.E. of Bhamo. It was not possible to see the
	W/O Hough				immediate surroundings of the DZ and
	Sgt Newham				the captain of the A/C decided it was too
	W/O Emery				dangerous to descend below 8000'. Drop was therefore mad from the Right – about 3000' above DZ. Haze obscured parachutes & it was impossible to see them properly. "V"s were flashed from the ground after drop.
	F/S Clapp				
Liberator III "V"	Sgt Cooke (Capt)	Seraphin & Appreciation III	122030	130930	Seraphin operation was successful. One container weighing 90 lbs. was dropped at 0020 hrs. for Seraphin in the Okkan
	F/L Shave				area. Ground signals were clearly seen.
	Sgt Newiberry?				The parachute on the container was seen
	F/O Titterinton				to open & develop normally.
	Sgt Neal				Appreciation III operation was
	Sgt Robertson				unsuccessful. 6 Mk. VA containers
	Sgt. Bryden				weighing 600 lbs. were taken to be
	Sgt McGregor				dropped for Appreciation III, W. of
	Sgt Pearce				Nagorn Sawarn. Bombing cover raid was
Liberator	Sgt Harvey F/O Brand (Capt)	Hainton	220240	220810	made on Nagorn Sawarn & at 0245 hrs 15°40'N. 100°08'E at 3000' an orange flash was seen from the direction of Nagorn Sawarn, at 0250 hrs 15°54'N 99°52'E at 2000' a "T" of white lights was seen on the ground. This position did not agree with the Briefing Instructions given to the Sqdn. by G.S.I.(K). The pilot was about to investigate the position when the rear gunner reported a single-engined clipped-wing monoplane on port quarter. As an attack was expected, evasive action was taken, & afterwards the pilot was unable to locate the "T" of lights again. Owing to extreme ground haze in vicinity & proximity of S/E A/C the search had to be abandoned.

	5/5/44	1300	Bad weather reports prevented operations on this the first night of the
	3/3/44	1300	operational period. The thermometer had risen, too, and was it Hot? Weather at
			base was OK, but the monsoon is reported to have arrived in Burma!
Calcutta		1700	News was heard late in the day that 2 Hudson IIIs "B" P/O Churchill & "C" W/O
Caloutta		1700	Dodwell – despite the weather were having a crack at Spiers! P/O Churchill
			found a gap in the clouds over the DZ, and did his job – W/O Dodwell was not
			as lucky and had to give up his attempt.
	6/5/44	0800	Court of Inquiry had into the illegal absence of 3 E/Fs 59232 Kickhapper,
	0,0,11		580402 Kale and 5653 Fazil Rabi. F/L Shaw Pres. & F/O Litterington? member.
Calcutta		1800	Hudson III "C" W/O Dodwell had another crack at Spiers – this time he was
			lucky.
Digri	6/5/44	1732	Liberator III BZ956 F/Sgt. Elliot left to attempt operation Appreciation III This
			was a successful op. The monsoon doesn't seem to have affected Southern
			Burma or Thailand!
		1905	Three Liberator III's "V" Sgt. Cooke, "U" F/O Brand and "W" F/L Jones set out
		to	in an abortive attempt to do operation Spiers. The weather was really bad and
		2010	not an a/c could get through. "V" thought to have reached area but weather too
			bad to say. "U" & "V" landed safely back at base but "W" had much trouble. Due
			to fuel trouble the a/c had to be forced landed at Bundwan? only 46 miles from
			base. A most unfortunate occurrence on F/L. Jones first op. with the Squadron
			as Aus.400527 F/L W?J. Corbett (N) and W/O. Spense? WAG were killed and
			Can J.27958 P/O G.D. Van Potts? died from his injuries in Asamed? Hospital
			and the other five members of the crew 88708 F/L K. P Jones GD(P),
			Can.J.11179 F/O. S. G. Gradiner? G.D.(N), 152022 F/O. T. L. G?adne? GD(P)
			Can. J. W/O Carlson, WAG and W/O ??joch? WAG were all injured. The
			injured were all taken to Asansal Military Hospital, including P/O G. D. Van
			Pott? and were quite comfortable except P/O Van Pottes? who was very
			seriously ill.
	7/5/44		On receipt of news of the crash of Liberator "W" at Bundwan? the C.O. M.O.
			Engineering Officer and others set out from Digri to investigate. G.S.I.(K) also
			set out a party to collect the containers which were being carried. The Liberator
			was in a terrible mess and the 'locals' had ha??? a good share of 'pickings' from
			the crash. It was learned that Americans were first on the scene and they gave
			valuable aid to all concerned. It was also learned, much later, that P/O?
			?????oish? had spared no effort, although himself injured to make everyone
			was comfortable after the crash and to safeguard equipment.
			The funeral took place of Aus.400527 F/L W. J. Corbet, GD(N) and W/O
		1	Spencer? L. A. G?? with full military honours at Assnsol? Cemetery.
	7/5/44	1700	No operations tonight. Liberator III BZ923 allotted to 135 R&IU after the crash.
	8/5/44		Can.J.27958 P/O. G. D. Van Potts? G.D. (G) succumbed to his serious injuries
	 	1	after an operation in Assonal? Military Hospital.
			P/O. G. D. Van Patter was buried with full Military honours in Asansol
		4=	Cemetery.
		1700	The Squadron had a quiet day from operations – everyone trying to settle down
			after the disquieting crash. As relaxation the Squadron wiped up the Squadron
	0/5///	0000	I.O.Rs at soccer, 7-0.
	9/5/44	0900	News that because of the extreme heat we could all wear sandals or chaplis
Diami 0		4700	without stockings – good work by the S.M.O.
Digri &		1730	Mixed success obtained on operations for to-day. 3 Liberators III from base and
Dum Dum			2 Hudson II from Dum Dum set out but only 2 Liberators and one Hudson
			successful.
			One Liberator III 'Z' abandoned the flight on Belief operation after one hours
			flying, as "George" was u/s. Hudson "B" didn't find any Reception Committee on
			Blow DZ. and as instructed didn't drop. F/O. Brand Liberator III "U" dropped
		1	successfully on Spiers D.Z. but had trouble on return. Got well South of track

357 Squadron

Place	Date	Time	Summary of events
Digri	July 1944		Part I – Operations
			There were 19 sorties made during the month – 10 made by Liberators, which
			were all successful & 9 made by Hudsons, of which only 3 were successful, as
			on the other 6 sorties extremely bad weather was experienced over Burma
			resulting in the sorties being abandoned. The majority of the Liberator
			operations were concerned with the ferrying of petrol, stores & gold to Kunming
			& Nanning, Chabua was used as an A.L.G. for these operations.
			The Hudsons were concerned with the dropping of agents & supplying of same in the Bhano & Mandalay areas.
			Bhano operations went under the code names "Blow", "Buffin" & "Dilwyn" &
			Mandalay operations went under the code name of "Hainton", with which one
			Liberator was concerned, also.
			There was one Liberator which operated over French Indo-China using
			Kunming as an A.L.G. F/L. H. Cast & crew carried out this sortie "Belief"
			successfully & on the return flight 3600 leaflets of a General De Gaulle speech
			were dropped on Vinh Yen.

Place	Date	Time	Summary of events
Digri	August	1944	Part I – Operations.
			The Squadron's effort this month was mainly concerned with the ferrying of
			petrol, stores, etc from Chabua which was being used as an advanced Landing
			Ground, to Kunming in order to undertake operations on "Belief".
			Five operations of this kind were carried out over the "Hump" in extremely bad
			weather & in all 5125 U.S. galls of petrol, 1 agent, 1600 lbs of stores, 80
			containers & 6 packages were transported to Kunming.
			The only other operation carried out during the month was made in a Hudson
			on "Buffin" in the Bhamo area & was successfully completed. F/L J. A. King,
			F/O A. J. Floyd & F/O R. A. Langton by completing this operation became the
			first to be tour expired on this Squadron.
			During the month there were many other operations laid on but real monsoon
			weather was being experienced at this time & all were scrubbed.
			It would be worth while to mention here that S/L. K. P. Jones by completing 6
			missions over the "Hump" became fully "Hump trained".

Digri	Sep. 3.	A Gramophone Recital of Classical Records was held in the Airman's Games Room.
	Sep. 9.	A Grand Station Tombola Meeting was held in the Station Cinema the proceeds of which were to go to the Station Savings Drive which had been recently inaugurated.
Jessore	Sep. 22.	A further programme of Classical Music was held in the Canteen Reading Room & proved quite as successful as the one held in Digri.
Jessore & Digri		The daily cinema show at Digri was quite well maintained during the first part of the month & on moving to Jessore it was found that two cinemas were situated in the town itself, one changing its programme daily & the other holding the same show two nights running, so all cinema goers were well catered for. No doubt, R.A.F. Welfare will take steps to see that they give the Jessore personnel a good show as often as can be arranged.
		Football programmes were well kept up despite the upheaval of the move & on the 10th of the month the final of the Banhura Memorial Shield was played off & R.A.F. Digri defeated Midnapore Sporting by 3 goals to Nil. L.A.C. T. Weston, of 357 Sqdn. was presented with a miniature shield.

Digri	Sep. 1.	A Meeting of the Welfare & Entertainments Committee was held in the Games Room & many topics raised & dealt with satisfactorily.
Jessore	Sep. 20.	The Squadron Library, which had been functioning quite well at Digri was arranged to be opened in the Airman's Mess, Jessore & thereupon it was to be open for the purpose of loaning books on every Monday & Thursday, between the hours of 1730 & 1815.
		It was learned that the Squadron had been allocated 150 Gift Parcels under a scheme organised by the Incorporated Soldiers, Sailors & Airmen's Help Society. These parcels contained foodstuffs, & could be sent to relatives or friend in the U.K. of Eire at a cost of 3 Rupies 6 Annas. It was arranged for the distribution to be as follows:-
		Officers - 10
		S.N.C.O.s - 40
		Other Ranks - 100
		It is hardly necessary to add they were very soon exhausted.
		Efforts were made by F/O. G. D. Thomas, Welfare Officer, to obtain gramophones for use on the Squadron through Welfare Service channels, but these were met with no success.

October 1944: Form 540

357 Squadron

Place	Date	Time	Summary of events
Jessore	October	1944	Part I – Operations.
			During this month 19 sorties were flown, 11 of which proved successful; the
			failure of the other 8 sorties was due in the main to weather, which, during the
			month of October was generally very poor.
			Part of the Squadron's effort comprised in flying Petrol to Kunming for operation
			'Belief', but this detachment was ceased on October 12th when Liberators 'U'
			and 'Y' returned to base.
			The remaining 16 sorties all consisted of the dropping onto specific Dropping
			Zones of Agents and stores. 3 sorties of this nature were carried out on
			'Agressive' only one of which was successful, the remaining two failing as a
			result of 10/10 cloud formation over the DZ area. 3 sorties were also carried out
			on 'Polka' all of which proved unsuccessful, due to successively: low stratus over dropping area, no reception and a heavy rain storm over the DZ. 3 very
			successful sorties were carried out on 'Globe' although Liberator 'V' which
			carried out the first trip of the 3 had a troublesome time, for on landing at
			Chabua, the brakes seized and some rubber was burnt off the tyres, then, on
			taking off from Jorhat where the A/C had refuelled, both petrol filler caps blew
			and petrol began to come out in large quantities making it necessary for the A/C
			to land again immediately; the rest of the trip was carried out without further
			incident. Two successful trips were carried out on 'Wakeling?' a total of 3 Agents
			being dropped with supplies.
			2 successful sorties were carried out, one on 'Buffin' and 1 on 'Bramble' and a
			further 3 unsuccessful sorties, one on 'Billet' which failed due to the fact that
			although the DZ was found no reception was put out; and 2 on 'Hainton' which
			failed due to firstly 10/10 Sc and secondly Valley fog in the DZ area; this
			comprised the total of the Squadron's work for the month of October 1944.
			Total Number of Sorties Flown in October 1944:- 19.

	Nov 1	Brigadier General Guinness, Force 136, arrived by air from Comilla and Lieutenant-Colonel Cumming and Wing Commander Chrystall, Force 136, Group A, arrived by air from Allipore. The visitors were here to show Brig-General Guinness the aerodrome on his first visit. The Brig-Gen. was very impressed.
	Nov 4	A Committee of Adjustment was formed for the purpose of assembling and administering the effects of the under-mentioned personnel.
		Aus 408527 F/L. O. S. Shave
		Aus 411553 F/L. S. D. Tieerington

		R.A.F. F/S. Masters P. G.
	Nov 4	The C.O., Wing Commander J. R. Moore and F/L J. A. King, D.F.C., were instructed to attend H.Q. 231 Group. In the C.O.'s absence S/L K. P. Jones assumed Command of the Squadron.
	Nov 8	The C.O., Wing Commander J. R. Moore, returned from H.Q. 231 Group and re-assumed Command of the Sqdn.
	Nov 10	Wing Commander Chrystall and Major Conway, Force 136, arrived by air on a visit in the afternoon. The left again by air for Calcutta at 1630 hrs.
	Nov 1	A Conference was held a t H.Q. 231 Group, R.A.F., affecting all units in 231 Group.
		The points covered were:-
		Preparation of material for Commanding Officer's address to all ranks on
		declaration of the European Armistice.
		The Air Officer Commanding reviewed the situation and stressed:-
		i The immediate action to be taken on the 13 of the Armistice and
		ii Measures to maintain morale in the future.
		It was stated that when the European Armistice appears imminent, notes for
		Commanding Officers' speeches would be speedily issued to cover such points as celebrations, controlling of flying, an insistence that the War in the East must still proceed, possible weakening of morale, the increasing
		comforts and amenities to be forthcoming in the War in the East, War Service

¹³ The word "time" appears to be missing from the original record.

	Increments, Japanese Campaign Pay, and demobilisation. Appendix "A" attached to the minutes of the Conference proved that the increased incidence of Income Tay would cortainly not off set the increases in pay
	incidence of Income Tax would certainly not off-set the increases in pay.
	2. Arrangements for Armistice celebrations.
	It was stated that this would be largely left to Station and Unit Commanders. Catering Officers should keep in touch with the Welfare and Catering Officers of H.Q. R.A.F. Bengal.
	Special points raised were:- Rations, Sports, Beer, Special Orders Church Services, and Entertainment and were dealt with satisfactorily.
	Discussions of measures to ensure a high standard of morale for the second phase of the war in the East.
	Points raised and dealt with were Discipline, Education, Vocational Schemes, Entertainments and Catering.
	General Points.
	Subjects dealt with were – the issue of radio-sets, films, refrigeration, Provisions of swimming pools, Welfare meetings, and air transport facilities for repatriated personnel.
Nov 22	The Inter-Sectional Football Fixtures were well maintained during the month and a Sqdn game was played off against 292 Sqdn. and a Station game against 231 Group "Belvedere" was played on the 22nd Nov. at Calcutta. The Station team include two 357 players.
Nov 11	A Sqdn. Sports Day was held on Nov 11 which included the usual track and field events plus many novelty races and side-shows. It was immediately followed by at night a Sqdn. party in the Airmen's Canteen. All the Beer Ration for the month of October for Officers, S.N.C.O.s and Airmen was put on sale and other refreshments i.e. food and soft drinks were available free of charge. The Party also include one hour's entertainment by talented artists.
	It was agreed by all ranks that the whole day's activities had proved a great success.
	Prizes were given for the winners of the Sports Events and if so desired were engraved free of charge to the winners.
Nov 13	It was proposed that the P.S.I. should purchase a number of pairs of football boots for re-sale to airmen on "easy payments". This was effected satisfactorily and the boots seem to be giving good service to Airmen.
	50 copies of the magazine "Oasis" October Edition, were supplied to the Sqdn. during the month of November. Also, many Canadian pamphlets and Publications, prepared by the Canadian Wartime Information Board, giving Canadian personnel the latest information on conditions and developments at home, were distributed around the Sqdn.
	40 Gift Parcels were allotted to the Sqdn for the month of Nov. 1944.
	Part III Personnel
	No important movements were effected in the month of November 1944 for personnel of 357 Sqdn.
	signed for Wing Commander,
	Commanding 357 (S.D.) Squadron, RAF.

357 Squadron

Place	Date	Time	Summary of events
			Part I – Operations.
Jessore	Dec. 1		The month started in grand style with six "Polka" sorties of which five were successful, also a Dakota sortie "Brick?", which, however was unsuccessful due to there being no reception signals at the D.Z. This was the first Dakota sortie to be attempted.
			Working from Kunming F/L. J. A. King, D.F.C., successfully carried out Radical II.
	Dec. 2		Three Liberators on "Billet", "Bug" & "Bullfinch" were successful, while another Liberator on "Blast" & a Dakota on "Rendezvous" were unsuccessful.
	Dec. 3		Operations consisted of 3 Liberators on "Bottom I", "Bottom II" & "Hainton 10 & 12", respectively & a Dakota on "Rendezvous". All were successful with the exception of "Hainton 10 & 12".
	Dec. 4		One Liberator on "Billet" was successful.
	Dec. 5		One Liberator on "Hainton" was successful.
	Dec. 5/6		F/L. H. Cast carried out successfully three combined operations, "Appreciation 3", "Coupling" & "Copper". Two of these involved dropping dummy packages, but as this was done from 2000' at a speed of 160 mph, the safety of the parachutes is a matter of opinion! They seemed to open correctly, however.
			S/Ldr. Codler?, C.O. of 628 (S.D.) Sqdn travelled as a "neutral observer", for his first flight with 357 Sqdn.
	Dec. 6/7		Two long range sorties were attempted, both being near-dawn attempts, owing to previous experience of weather, namely "Hebrides" (S/L. K. P. Jones) which was unsuccessful due to 10/10 cloud cover & "Caingorm?" (P/O. F. C. Cooke), which proved more successful, for the load was dropped on the secondary D.Z. "Hebrides" might be tried as a dusk drop, otherwise the weather seems very much against it at this time of the year.
	Dec. 8/9		There was only one operation – a dawn sortie in a Dakota on "Bug" in the Bassein area. No ground signals were observed so the sortie was abandoned.
	Dec. 11		A Dakota carried out successfully operation "Barge" by day, consisting of a drop behind our lines. A Dakota 15
	Dec. 14/15		One Dakota on Operation "Radical" proved successful.
	Dec. 15/16		A Liberator on "Bittorn? II" was unsuccessful due to the approach to the D.Z. being very difficult.
	Dec. 16/17		One Dakota on "Rendezvous" was successful, also two Liberators on "Biltern? II" & "Hebrides" were successful.
			One Dakota on "Rendezvous" made a ferry trip to Pmlitha & back & proved successful.
	Dec. 19/20		One Dakota on operation "Barge" proved successful.
	Dec. 24/25		Two Dakotas on "Heavey 13" were both successful. Three Liberators on "Polkas 2, 13 & 9", respectively were successful, but another two on "Polkas 10 & 14" proved unsuccessful.
			One Liberator on "Polka 7 & Aggressive", combined was successful.
	Dec. 25/26		Two Dakotas on "Bloodhound" & "Rendezvous" & two Liberators on "Heavey 12" & "Nation I' were all successful.
	Dec.		One Liberator on "Bottom II" was successful.

¹⁵ The sentence ends here on the record.

	26/27	
	Dec. 27/28	Three Dakotas on "Bandit", "Manual I" & "Manual II" and five Liberators on "Polkas 34, 26, 35, 19 & 14" respectively were all successful, the only unsuccessful mission being a Dakota on "Bulge" due to the signals on the D.Z. being extinguished on arrival.
	Dec. 28/29	Two Liberators on "Desert? I" & "Desert III" were unsuccessful due to bad weather & the dropping area being apparently inaccurate. Successful missions were made by three Liberators on "Desert II" & "Dilwyn 22", & one Dakota on "Dilwyn 21".
	Dec. 29/30	One Liberator on "Dilwyn" & one Dakota on "Bulge" were the operations carried out "Dilwyn" proved successful, but "Bulge" was unsuccessful.
	Dec. 30/31	Four Liberators on "Polka" 7 Two Dakotas on "Dilwyn" & "Blast" were successful.

Jessore		Part II Administration
	Dec. 9	Wing Commander L. M. Hodges, D.S.O., D.F.C., assumed Command of 357 (S.D.) Sqdn., vice Wing Commander J. R. Moore.
	Dec. 19	The Sqdn. was visited by the Allied Air Commander-in-Chief, Air Marshal Sir Guy Garred, K.C.B., O.B.E., M.C., D.F.C., who was accompanied by the Air Officer Commanding Strategic Air Force, Air Commodore F. J. W. Mellersh, A.F.C.
		The A.A.C-in-C arrived in Jessore from Alipore at 1244 hrs. in a Hurricane H.V.424 and departed from Jessore at 1417 hrs. for Dhubalia.
		The recreational functions of the Sqdn. were very active during the month. The sectional football fixtures were well maintained and Sqdn. matches against 136 R.S.U., and 292 Sqdn. were played off. With the requisitioning of a hockey pitch just in front of the Airmen's Mess many hockey games were played during the month and found a good deal of support and popularity.
	Dec. 2	A Scout's Meeting was held on the 2nd Dec. comprising Members of the 4th Services Rover Crew.
	Dec. 6	It was proposed to form a Squadron Concert Party and all ranks interested were invited to attend a meeting on Dec 8 in the Reading and Writing Room. The Concert Party was duly formed and we are all looking forward to being entertained by them in the near future.
	Dec. 10 Dec. 24	There was a Catholic Church Services held on the 10th Dec and the 24 Dec the latter including a special Midnight Mass to commemorate Christmas.
	Dec. 24	The new Airmen's Recreation Room was opened and an Informal Concert was held that night as a house-warming. This appeared to be a great success and the Sqdn. are looking forward to many more. Incorporated in the Recreation Room are a table-tennis table, a dartboard, and a bar serving soft drinks and refreshments.
	Dec. 25	The Sqdn's Operational commitments did not allow a stand-down to be granted on Xmas Day nor Boxing Day, but it was deemed desirable that all ranks should have as much time off as was possible during the Xmas period without jeopardising operational efficiency and therefore working hours were left to the discretion of Flight or Section Commanders. All ranks were very highly satisfied with the Xmas Dinner which was laid on and considering the circumstances a good time was had by all over the Xmas period.
	Dec. 31	On New Year's Eve another Informal Concert was arranged in the Sqdn's new Recreation Room. The Concert started at 2030 hrs. and the artists taking part were all members of the Sqdn.

Dec. 3		Recreational activities for the month of January 1945 were arranged to take place in the new Recreation Room. These were: Jan 4thOne-Night Table Tennis Tournament.							
	P								
		Jan 4thOne-Night Table Terms Tournament. Jan 11thQuizs between teams of Officers, N.C.O.s, and Airmen. Jan 18thDarts Tournament. Jan 25thSing-Song and Informal concert.
